WE ARE  
PRIMERUS™  
*Community*

The world of Primerus™ is bound together by a sense of community, reflected by the 40 different organizations that are woven into the fabric of our international alliance. Those organizations include various institutes, practice groups, sections, committees and boards as well as a partnership with the Association of Corporate Counsel, all serving as models of a unique culture built upon shared values and a high level of trust.

The Primerus™ community also embraces the concepts of diversity and inclusion, and encourages the development of relationships in which common objectives, interests, and purposes can be met in an environment that promotes a spirit of goodwill.
